

SURVEY C172 MARKET VALUE:

This market survey is a step toward evaluating the financial status of our club. The 12 items shown were taken from the February 2005 issue of Trade-A-Plane. The average price is \$43,808 as shown in the table. Item no.27 is probably nearest to N7100Q configuration except for the high TTAF(probably a FBO trainer). There is a fair correlation between the engine time since major overhaul(SMOH) and the asking price which is shown by the trend line in the graph below.

Item No.	Year	Model	TTAF	Engine	SMOH	Price
41	1972	172L	3700		0	\$ 42,500
20	1971	172L	4800		525	\$ 47,000
35	1972	172L	3115		645	\$ 52,900
4	1970	172	2750		870	\$ 49,500
36	1972	172L	5860		890	\$ 42,900
21	1973	172M	7937		977	\$ 42,999
27	1971	172L	11000	RAM 160	1400	\$ 42,995
17	1973	172	8500		1600	\$ 46,900
24		172N	3321		1600	\$ 42,000
22	1972	172	4561	O320-E2D	1620	\$ 39,000
39	1971	172L	4150		1970	\$ 37,500
38	1972	172	4300		2100	\$ 39,500
					Average Price	\$ 43,808

Engine Time Vs Airplane Price
